Family-run shop on the North Coast

COMPANY OVERVIEW

Commercial Crab Pots, Inc. (CCP) is a family-owned, woman-led manufacturer in Rio Dell, Humboldt County, building commercial Dungeness crab pots since 1992. Bending, welding, rubber wrapping and hand-knit mesh all happen in one shop, and we build custom, prototype and small-batch work to customer drawings.

CORE COMPETENCIES

Commercial crab pots

Round Dungeness pots built to vessel and weight needs; tunnels, triggers, escape rings.

Mesh & wrapping

Hand-knit wire mesh and rubber-wrapped frames, finished in-house.

Repair & refurbishment

Rewrap, retunnel and repair of existing pots between seasons.

Steel & rebar fabrication

Ring bending, frame welding and assembly; Type 304 stainless crossbars and stanchions.

Prototypes & small batches

Cages, mounts and parts built from your drawings and fit-checked before delivery.

Field trial support

Introductions to North Coast fishermen for permitted gear trials.

DIFFERENTIATORS

- ◆ **One shop, start to finish.** Bending, welding, wrapping and knitting under one roof.
- ◆ **Built for working boats.** Three decades of gear made for commercial seasons.
- ◆ **Close to the fleet.** North Coast builds and repairs; delivery across CA, OR and WA.
- ◆ **Works to your spec.** Your drawings, inside authorized gear configurations.
